# How to log in to a Tiktok account

1. After purchasing an account, you will see a link to Mega.nz or other storage

2. Follow the link and view the following data

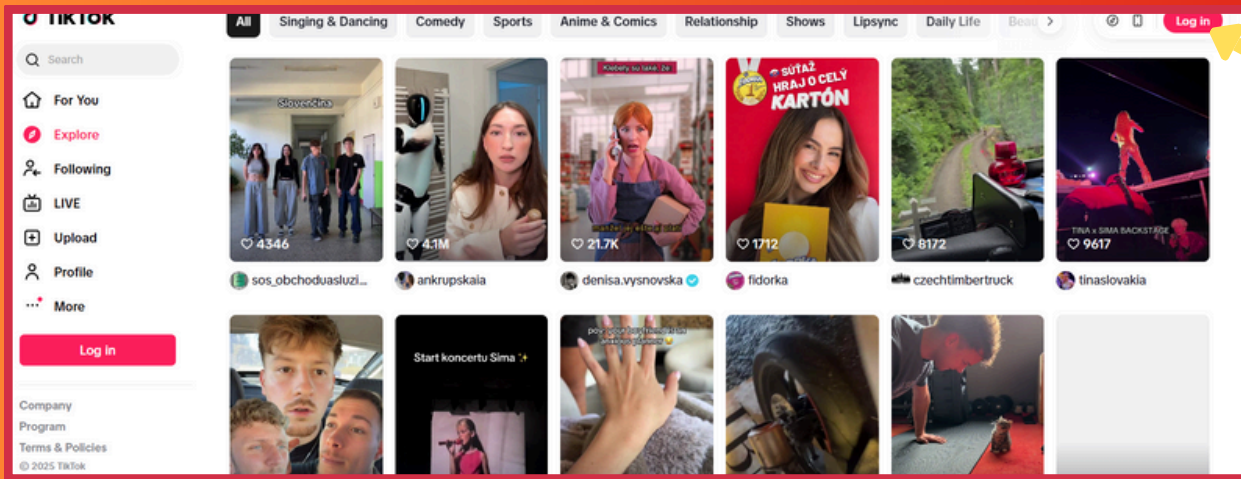

1 - Tik Tok login
2 - Tik Tok password
3 - Email address
4 - Email password

*The instruction is suitable for the Web version and the app.*
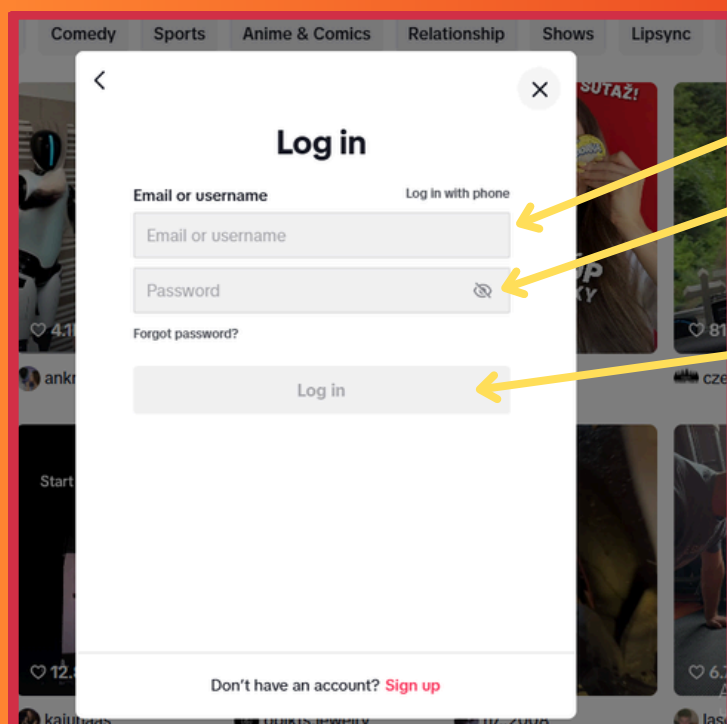

3. Go to the official Tik Tok website: tiktok.com or official app

4. Select login using the username

If you are logged in to your account, everything is fine and you can use your account.

Enter the Login

Enter the password

Log in

If Tik Tok reports that there is something wrong with your password, proceed to step 5

5. If Tik Tok displays an error message stating that your password is incorrect, you need to change it.

Log in to the mail.rambler.ru website (see the domain and email name)
You may need to use a different email..

Log in

Don't have an account? Sign up

Click on "Forgot Password"

Reset password

Enter email address   Reset with phone number

Mail from the data file

Send code
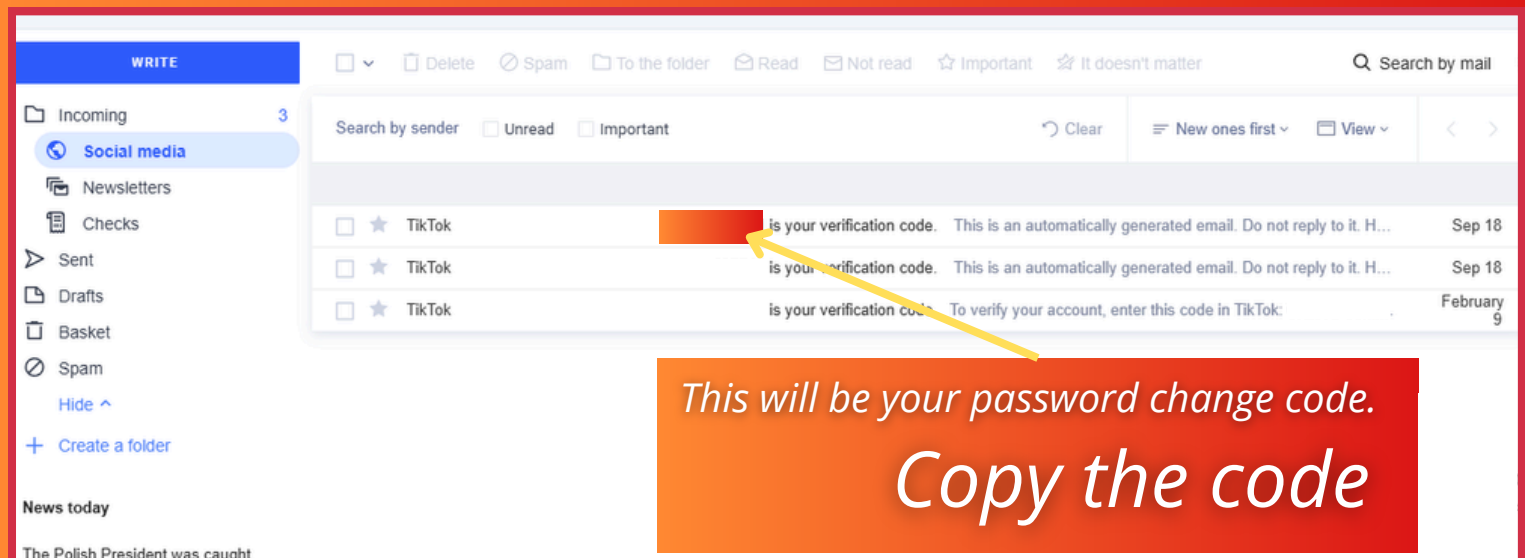

Log in

Don't have an account? Sign up

Copy and paste the email from the account file

Click on the "Send the code" button.

Do not close the form!

7. A message should appear in the code submission field indicating that the code has been submitted and that it can be submitted again after a short while.

8. Check your email inbox for new emails, spam, or notifications from social media.

This will be your password change code.

Copy the code

IMPORTANT: It is better to log in to Tik Tok without using a VPN, as Tik Tok may not send a code, and the email may not accept it. A stable connection is required. If you are experiencing issues with your region or country, use a paid and stable VPN for your account country.

## 9. Return to the password reset form and enter the code and your new password

Reset password

Enter email address   Reset with phone number

Mail from the data file

Send code

Log in

Don't have an account? **Sign up**

Paste the copied code

Enter a new password

Log in to your account

10. After logging into the account, we get this
